

Available Programs for 2019 Fall Semester

New Program:

International Undergraduate Program of Chinese Literature

◆ The program values traditional Chinese culture. Besides basic courses of language and literature, creative narration and cultural thought, art courses such as calligraphy, Chinese painting, engraving, tea ceremony, archery and Tai-Chi will be given in a modern and practical manner. Students will develop their core ability of Literature Reading, Literature Application, Multi-thinking and Art Creation while improving listening, speaking, reading and writing in order to enhance their academic capability and workforce employability.

◆ **Course Features:**

[Feature 1] Multiple courses: The professionalism of our faculty consists of Chinese language, literature, arts, philosophical thinking, religions which can fulfill the need of multi-knowledge research. Various elective courses such as graphic design, Microsoft Office Specialist (MOS) certification, and film editing are also given with modern information technology. Therefore, in the future, students will be better able to solve problems in their workplace.

[Feature 2] Emphasis on Implementation: Courses are designed with the teaching mode of Conceive, Design, Implement and Operate in project-based education system. Communities of Cultural Creativity are provided for the courses and external-to-class internship and they include teams of journalism, planning, micro movies and tabletop games.

[Feature 3] Full Degree Programs: Undergraduate, graduate and doctoral programs are all available. 4+1 master-level program (4-year undergraduate's + 1-year graduate's) is also provided for students to earn 2 degrees, bachelor's and master's, in 5 years and then to pursue a doctoral degree directly.
